The 6th Responsible Business Forum on Food and Agriculture (RBF)

The 6th Responsible Business Forum on Food and Agriculture (RBF) organised by Global Initiatives, is taking place from 26 - 27 March 2019, 9.00am – 6.00pm, Royal Orchid Sheraton Hotel & Towers, Bangkok.

The 6th RBF will convene over 400 food, agriculture and nutrition decision makers to focus on developing solutions for innovation in value chains for food and nutrition security. Innovation and the increased use of technology will be critical to doubling the agricultural production that is needed to meet global food demand by 2050. From small-holder farmers to consumer behaviour, this level of innovation must carry through the entire food system, from the sourcing of raw materials, to processing and packaging, to changing consumption patterns.
